[x2]
Stop actin like you wont when you will
Stop actin like you aint what you is
Girl imma give you what you need
Now tell me what it is

I can see it in your eyes
I can see it in your face
It's in your blood you promiscuous
Girl bring your friends (friends)
2, 3, 4, 5
Matter fact bring 10
We can go all out
We could go all night
We could do all the things that you like
Cuz Pitty do the things that your man wont
Pitty do the things that your man dont
Turn around (Woot Woot)
Pull over that
Move back (Woot Woot)
It's over
This sheet goes back
Lil Jon on the track
And we swingin like...
