What's the go with all these  
New set of rules that you live by?  
'Fraid you might die..  
Watch 'em go by..

What's the go with all you  
Scence sucking fuckers?  
You're so high..  
Yeah, you're so high..  
Watch 'em go, watch 'em go, watch 'em go-o by..

Sleeping orders won't  
Get you through the door  
You want more..  
Watch 'em go by..

Slippery lips aint done  
Sinking ships in the meantime  
You dream of lines..  
Watch 'em go, watch 'em go, watch 'em go-o by..

I don't know why you lay me out to follow  
I don't know why you lay me outside, because  
Science is golden!  
Science is golden!  
Watch yourself, 'cause science is golden!

I don't know why you lay me out to follow  
I don't know why you lay me outside, because  
Science is golden!  
Science is golden!  
Watch yourself, 'cause science is golden!

Science, science, science is go-olden  
Science, science, science is go-olden  
Science, science, science is go-olden  
Science, science, science is go-olden  
Science, science, science is go-olden (Watch 'em go  
by)  
Science, science, science is go-olden (Watch 'em go  
by)

Science, science, science is go-olden (Watch 'em go by)

Science, science, science (Watch 'em go by...)

I don't know why you lay me out to follow

I don't know why you lay me outside, because

Science is golden!

Science is golden!

Watch yourself, 'cause science is golden!

I don't know why you lay me out to follow

I don't know why you lay me outside, because

Science is golden!

Science is golden!

Watch yourself, 'cause science is golden!

Science, science, science is go-olden

Science, science, science is go-olden

Science is golden!

Science is golden!
