"A Long Time"

Time
Our time has come to pass
The shadows fade in the distance
Trust
Trust in you tonight
To guide me through the excess

Take
Take all you want from me
I'll give up all pretense
Touch
Your touch is all I need
To justify my existence
I know it's been
A long time

After so many years
Leaves have all died
Days grow shorter and cold
Winter has come
Soon we'll fade into memory
Hold me close through this passage
(I need you near)
When the comfort of angels
Fails to appear

Dream
Dream of heavens so bright
In quiet space
Transcendence
Faith
Faith is meaningless
When truth lies right before us
This
This is purity
Returned to the earth
A rebirth
To touch
Your touch is all I need
To justify very existence
I know it's been

A long time
