Waiting for this jury to unwind
'Cause it's been so hard wearing my heart up my
sleeve
Words won't say the sounds that I can hear
A thousand sunshines on rainclouds
The truth is I'd believe and be

Forever and a day
So cold without you
Forever and a day
Lonely without you

Whenever you're away
I'm starting to doubt you
Forever and a day
So cold, so cold

Time has never been a friend of mine
But it has owed me a favor since everything was fine
And I'm desperate change, as familiar as the moon
I'm feeling lonely and stable
And it's believed that soon I'll be

Forever and a day

Days are folding over night
Turning empty pages
But I don't see nothing
If I don't see you

Forever and a day
So cold without you
Forever and a day
Lonely without you

Whenever you're away
I'm starting to doubt you
Forever and a day
So cold, so cold

Forever and a day
So cold, so cold

Forever and a day
So cold, so cold
(Without you)
