Cat Daddy Ro:

Let's make it happen

Let's make it happen, baby

Let's make it happen

Let's make it happen, baby

Chorus:

If we make love tonight

Will it change us for the rest of our lives

(Let's make it happen)

(Let's make it happen, baby)

If we make love tonight

For the very first time

(Let's make it happen)

(Let's make it happen, baby)

Here we are alone again

But we never kicked it like this before

(We never kicked it like this before)

Ooh, the touchin', the kissin' and the huggin', baby

I must confess I want to explore

We've been homies for so long

I just can't calculate the time

But if we make love tonight

Will it change the way we are

The question remains on my mind

I wanna know

Chorus

I call you on the phone each day

I must admit you're my best friend

But I can't ignore my attraction to you

Are you the man for me

Tell me what's in store

You know my darkest secrets

And I know a few things about you too

We're puttin' our friendship on the line

But I wanna get next to you

All I wanna know

Chorus

Spoken:

You know, we've been homies for awhile

Kickin' it and everything

I think it's time for us to take this relationship to another

level
So, uh, what I wanna know is
Do you wanna make love to me
Baby
But I know
'Cause I wanna make love to you
Tell me if it's wrong
Do you wanna make love to me
Baby
But I know
'Cause I wanna make love to you
But I know
Do you wanna make love to me
Baby
But I know
'Cause I wanna make love to you
Tell me if it's wrong
Chorus ''til fade
