

Plan, The "Autumn"

Autumn rain
Go back again from a long blank summer
Autumn wind
Blow life again in this dead end, autumn

Walk along these wet streets
Soldier you don't know your enemy

Autumn leaves, fall and die with my bad lies
Autumn

Autumn nights
On a thin line I don't see no one
Autumn days
You got all the way autumn, I'm game
Autumn

Stroll along these dead streets
Soldier you don't know your enemy

Autumn sights, it's never daylight but I'm alright
Autumn
