

Plan, The "Mon Amour"

I was walking but I didn't know the way and I
I was talking but I don't know what to say and I
I was thinking but i couldn't find the key
I was falling upon my knees

Mon Amour
What I'm in Mon Amour?

We can go drinking in bars
We can dine under five stars
Earn the money to take us anywhere
Do things we never dared

Mon Amour
Where're we going Mon Amour?

We can sit all night and debate
We can watch us turn to strangers
What's to clear out between you and me?
Mon Amour can't you see
Nothing's enough
That nothing's enough, Mon Amour

Oh, Merde!
Mon Amour
Nothing's enough, Mon Amour
