one time  
you lied  
you're high, so high  
my life my time  
you walk black lines

hey clean your mess  
hey your a mess  
hey yeah clean your mess  
hey your a mess

one time  
i lied all the time  
my life my time  
you walk black lines

i don't i need this, i don't i need this, i don't i need this  
i don't i need this, i don't i need this, i don't i need this  
i don't i need this, i won't i need this, i won't i need this  
i don't i need this, i don't i need this, fuck
