you walk black lines

hey clean your mess

i lied all the time

my life my time

you walk black lines

i don't i need this, i don't i need this, i don't i need this

i don't i need this, i don't i need this, i don't i need this

i don't i need this, i won't i need this, i won't i need this

i don't i need this, i don't i need this, fuck
