Tell me something, tell me something  
Will I die, will I die on a rope?  
Tell me something, tell me something  
Will I die, will I die?

I wish that you didn't love me no more  
I've been dead for years  
I wish that you didn't own me no more  
I've been here before

Tell me something, tell me something  
Will I die, will I die on a rope?  
Tell me something, tell me something  
Will I die, will I die?  
No I won't

Tell me something, tell me something  
Will I die, will I die on a rope?  
Tell me something, tell me something  
Will I die, will I die?

I want to draw the blood from your neck  
Spill the lies in your bed  
I will give you a holy white rose  
Cut the tongue from your head

Tell me something, tell me something  
Will I die, will I die on a rope?  
Tell me something, tell me something  
Will I die, will I die?  
No I won't

Tell me something, tell me something  
Will I die, will I die on a rope?  
Tell me something, tell me something  
Will I die, will I die?

I belong to a line of red scent  
Teach the heart to reflect  
The wound is wise for primal black eyes  
Theres a scarlet letter in my chest
