They said you'll grow up someday soon enough

The day's gonna come when you put in you'r nine to five

Just like the next man

They said your friends will be fly by night

So decide your fate at fourteen

All of them live someone elts dream to be sold

They all look down their nose on me like I'm below them

All of them said to go nowhere is a disease

So decide you're running out of time

Thats what they always use to say

To me and you

When we dream of a diffrent day

The voices where there to remind us that we're getting old

And our worst fears where right all along

They said you'll grow up someday soon enough

The day's gonna come when you put in your nine to five

Just like the next man

All of them said to go nowhere is a disease

so decide your fate at fourteen
