Tried out the challenge

To fall in love with you

Tried to give myself away

But yo just stayed so cool

Living in a daydream

I didn't see me fall

Thought you would catch me

But you weren't there at all

Refrain:

Live and love is an adventure

Join the train to happiness

Move on the train to surrender

Every single chance implies some bliss

It took me so long

To discover the whole truth

Took me so much strength

Just to get over you

I nearly drowned

In the sands of loneliness

But there's something

I always would confess

Refrain:

And now it's time

To learn and move ahead

It's time to part as friends

And leave it just at that

If you never

Try the challenges of life

You will stay lonely

Until the end of time

2 x Refrain
