Sunset's settin'

The sky turns

From blue to red to grey

The picture fades and

Darkness changes

The view and suddenly

Refrain:

We howl at the moon

We're gonna get there soon

So we howl at the moon

Hear our lovely tune

Night's fallin'

The moon is calling

Spreading silver streams

Blood's risin'

Just disguising

Pure daylight dreams

Refrain:

Don't you share the trembling feeling

Don't you share tensions inc reasing

Don't you care 'bout what you're missing

Don't you dare - feels like kissin'

Sunset's settin'

The picture fades

Night's fallin', fallin', fallin'

Sunset's settin'

The picture fades

Moon's callin', callin' callin'

2 x Refrain:

Howl at the moon.....

Howl at the moon.....

Howl at the moon.....

Howl at the moon.
