Bend over, let me slap your pretty and fat ass
I like that weird sound, don't forget how to make that
heavy, sexy sound

It's lovely, it's fine, yeah
It's lovely, it's fine, yeah

Bend over, let me slap your pretty, tiny ass
I like that hard sound Don't forget how to make that
sharp'n sexy sound

It's lovely, it's fine, yeah
It's lovely, it's fine, yeah
I like slapping around yeah
You're lovely, you're fine yeah

I know you want to hit me back, and you'll yell at me for
trying, but I
Can't help it
It's just something that I have to do
Let me do it It's easier for both of us, you and I
Please don't hit me back, at least not in my face

It's lovely, it's fine, yeah
It's lovely, it's fine, yeah
I like slapping around yeah
You're lovely, you're fine yeah
Bend me over
