You don't wanna know what I've got to do  
if I know that everything is controlled  
by una loca  
Wanna tell you, but I think I better not  
I think you like it  
Tell me when you like it honey  
Eat that shit, it's entertaining  
It's a longstanding family business  
It's a ride, that's what we call it  
It's the right way to light the bold head on

Fire

They will never see what you're to be  
Knowing all your acts, responsibilities  
You will never know the things  
we're putting in you  
You will never know I know  
you've got it in you  
Lick it all up, swallow it raw, get down  
One day with God will finish the job, get down  
Here you got yourselves a blessing, going safely  
It's a riot, now put the friggin' freak-show on

Fire

You're standing right beside my bed  
head banging to the things I've said  
I need that dedication  
Bloated bellboy-neck  
Get ready

Shoot that girl, she's trying to win  
Shoot that boy, I'm going in  
Let me assure you that this birthday  
party you've rejoined  
is not the one you left  
I hope you've kept yourself informed  
Lick it all up, swallow it raw, get down  
One day with God will finish the job  
now, get down

This is a message and we all  
know who it's really meant for  
Don't forget you're on borrowed time  
You're on...
