I was walking down a one way street
Just a looking for someone to meet
One woman who was looking for a man
Now I'm hoping that the feeling is right
And I'm wondering if you'll stay for the night
So I'm coming (I don't wanna be lonely)
I wanna love you all over

Do you believe in love
Do you believe it's true
Do you believe in love
Oh you can bet I believe it too

Now the feeling is beginning to grow
And the meaning is something you only know
If you believe it take my hand and I'll take your heart
Now I'm wondering where does true love begin
I'm going under so I'm lettin' you in
My woman (I don't wanna be lonely)
I wanna love you all over

Do you believe in love
Do you believe it's true
Do you believe in love
Oh you can bet I believe it too

I use to have you in a photograph
(I'm so glad it's changed)
But now I've got you and it's gonna last
(Do you believe in love)

Do you believe in love
Do you believe it's true
Do you believe in love
Oh you can bet I believe it too
