"Ass to mouth resuscitation"

My mouth is to your ass
My tongue is up your crack
My breath, it smells like shit
My teeth are stained black

I begin masturbation, when giving ass to mouth
resuscitation
A sick sensation - ass to mouth resuscitation

Some say it's sick, they don't understand
An ass in your face makes you a man

No drug makes me feel this way
No matter how much I take
I can't control this, it is now my turn

Shit on me

Nothing can stop this fetish I crave
An ass eating sicko, a shit eating slave

I begin masturbation, when giving ass to mouth
resuscitation
A sick sensation - ass to mouth resuscitation
