Lying to myself and you  
Deny - no one has a clue  
Using - I do drugs everyday  
Keeping the pain away

They will never know  
I have lost my sense  
I have it under control  
That's what I tell my friends

What have I done to me  
To my friends and family  
This is pure fucking hell  
I must kill myself

Soon they all will say  
I need to be put away  
I'm getting fucking close  
Dying by an overdose

No one knows  
I do coke  
I do smack  
I do smoke  
I do dust  
I do pills  
For myself  
No one else

Addiction [x5]

Denial
