Hand me a prayer book
I need to be forgiven
I'm not even driving
I'm just being driven

I've got a burning fire in me
A potential for sin
Inspiration from the Devil
I'm full of temptation

I've got affection for trouble
Hear the sirens scream
I want to go somewhere
Where I've never been

Whole lot of people hear my plea
If you got an emotion, you got to set it free
Whole lot of people hear my call
I tell you no lies and that's all

Oh, bless my soul, it's rock-n-roll, rock-n-roll
Bless my soul, it's rock-n-roll, rock
Rock, rock, rock
Bless my soul, it's rock-n-roll

Bless my soul, it's rock-n-roll
There's no easy way down
It takes some time, it takes some time
It takes some time to be a hero

I'll show you how to do it
I'll show how it's done
You can't let people go
You got to make them come

Let the lightning strike
The thunder roll
Let me tell you, buddy
That's rock-n-roll

Whole lot of people hear my plea
If you got an emotion, you got to set it free

Whole lot of people hear my call
I'll tell you no lies and that's all

Oh, bless my soul, it's rock-n-roll, rock-n-roll
Bless my soul, it's rock-n-roll, rock
Rock, rock, rock
Bless my soul, it's rock-n-roll

Bless my soul, it's rock-n-roll
There's no easy way down

Whole lot of people hear my plea
If you got an emotion, you got to set it free
Whole lot of people hear my call
I'll tell you no lies and that's all

Oh, bless my soul, it's rock-n-roll, rock-n-roll
Bless my soul, it's rock-n-roll, rock
Rock, rock, rock
Bless my soul, it's rock-n-roll

Bless my soul, it's rock-n-roll
There's no easy way down

Bless my soul, rock-n-roll
Bless my soul, it's rock-n-roll
Bless my soul, it's rock-n-roll
