That cheap little thing you drive  
It's just called machinery  
I'll make you come alive  
You ought to be with me for a good time

I said life goes by so fast  
So, baby, you might as well live  
'Cause nothin's gonna last  
I don't know nothing that I wouldn't give

For a good time  
For a good time  
For a good time

You better check your priorities  
If I'm gonna be your girl  
You gotta dress me with your degrees  
'Cause, baby, God made the world for a good time,  
yeah

A woman and a man  
Were made so perfectly  
I am what I am  
Baby, put your faith in me

For a good time  
For a good time  
For a good time

I'd like to watch your mouth  
I'd like to take it south  
The heart in my breast  
Is beating me to death

This is a cruel town  
I'll make you feel like a king  
And when you lose your crown  
All you gotta do is give me a ring

For a good time  
For a good time  
For a good time

Good time, for a good time

For a good time  
For a good time  
For a good time

For a good time  
For a good time

Let's do it  
For a good time  
Let's do it  
For a good time

Wanna good time  
For a good time, honey  
I wanna good time

All the time  
For a good time  
Let's do it a [inaudible]
