I play a good game but not good as you
I may be a little cold but you can be so cruel
I'm not made of brick I'm not made of stone
But I had you fooled enough to take me home

If love was a war it's you that has won
While I was confessing it you held your tongue
Now the damage is done

There's blood in these veins and I cry when in pain
I'm only human on the inside and though looks may
decieve
Make it hard to believe I'm only human on the inside
On the inside

I thought you'd come through I thought you'd come
clean
You were the best thing I should never have seen
Cause you go to extremes you push me too far
Then you keep going 'till you break my heart
Yeah you break my heart

See I bleed and I bruise oh, but what's it to you
I'm only human on the inside
And though looks may deceive make it hard to believe
I'm only human on the inside
Well I crash and I burn maybe some day you'll learn
I'm only human on the inside
I stumble, I fall baby under it all
I'm only human on the inside
On the inside

And the damage is done

There's blood in these veins and I cry when in pain
I'm only human on the inside
And though looks may decieve make it hard to believe
I'm only human on the inside
Well I crash and I burn maybe some day you'll learn
I'm only human on the inside
I stumble, baby I do it all
I'm only human on the inside

On the inside on the inside
