I don't want anybody, yes

I get stormy when things bore me  
I get steamed up when you ignore me  
I don't need some blank sky staring back at me  
I need a bad guy I want some electricity

I need fire, I got sensual desire  
That's what my body and my nature does require

Ooh, don't you be so cold I need some body and soul  
Yeah, don't you be a fool you need to go to the love school

Don't need your detachment waiting for the storm to pass  
Don't need re-enactment of things that have happened in the past  
I don't need some joker who making fun at me  
I need a lover I want some sensitivity

I need fire, I got sensual desire  
That's what my body and my nature does require

Ooh, don't you be so cold I need some body and soul  
Yeah, don't you be so cruel you need to go to the love school

I need fire I got sensual desire  
That's what my body and my nature does require

Ooh, don't you be so cold I need some body and soul  
Yeah, don't you be a fool you need to go to the love school

Yeah, don't you be so cold you'll need some body and soul  
Yeah, don't you be a fool you need to go to the love school

Because I don't want anybody else, I don't want anybody else

Because I don't want anybody else, I don't want  
anybody else  
I don't want anybody else, I don't want anybody else
