

The Divinyls "Motion"

Visit "[Motion](#)" on MotoLyrics.com

Lying in the dark thinking all the night
Need to be sedated it's almost daylight
Tossing and a turning my bed's on fire
Feeling so frustrated don't want to be a liar

You got motion motion motion motion

Sick of all my friends want to meet somebody new
They think I'm being phoney I think their phoney too
Feeling so frustrated counting on sheep
Want to go to heaven hell can keep
You got motion motion, you got motion motion

You got something they can't get enough
They can't get enough now in a fit of emotion
Oooh la la

You got it you got it
You got motion
You got motion
