Tell me mirror, mirror, mirror on my wall  
Who is the fairest, the fairest of them all?  
Tell me fortune teller, look into your crystal ball  
A love for me romantically, tell me will I fall

For someone good looking? What's the color of his hair?  
Does he have a fortune? I really just don't care  
If he needs the money I'll gladly pay his fare  
Summon him this very night, what style should I wear my hair?

For my lover, I need a lover

Dearest fairy godmother, please wave your magic wand  
Please send me someone to whom I can hold on  
Genie in the bottle, do you hear my plea?  
If you don't answer my call I'll throw you back in the sea

I rule my bed alone each night, what a poor state of affairs  
Please send me someone who really cares  
Send me out a Valentine in a puff of smoke  
To curl around my body, passionate feelings will evoke

Like a lover, I need a, a lover  
A lover, a lover, lover, lover, a lover  
I need one

Fantasy and phantasm, whatever turns you on  
Don't let your mother tell you, you're doing something wrong  
I use any avenue of thoughts which I am fond  
Oh, how I wish someone would come along  
And wave their magic wand, oh, oh, oh, oh, oh, oh, oh

Merlin in your castle cast me a spell  
Conjure up some magic that you do so well  
Witches in your towers mix me a potion rare  
Please use all your powers for this maiden fair

High priestess of the voodoo, please reverse this curse  
That causes me to write to you this long and lonely  
verse  
I rule my bed alone each night, what a poor state of  
affairs  
Oh, please send me someone who really cares

Like a lover, a lover, a lover, a lover, lover, lover  
A lover, a lover, lover, lover  
A lover, a lover, lover, lover
