I saw him at the party
Standing in the corner
Looking just as good
As he could be

And when he caught my eye
I knew I was a goner
You should have seen
The way he looked at me

But I tell you
He really knocked me dead
So I don't quite remember
Exactly what he said

I just stood there
And I shook my head
'Cause you should have seen
The way he looked at me

The music started playing
And before I knew it
He put his arms around me tenderly

He asked me for a kiss
And I just had to do it
You should have seen
The way he looked at me

Well you know that
He walked me home that night
There was starlight and moonlight
Everything was right

So I kissed him with all my might
And you should have seen
The way he looked at me

Whoa, oh, oh, no
He didn't let me down
'Cause the very next day

You know he came around

And he told me that he loved me
Yes he really did
And now he said that
He was mine eternally

I looked him in the eye
And said, you wouldn't kid now
You should have seen
The way he looked at me

And then one day
I wore something new
Something old and borrowed
And something blue

I remember when he said, I do
You should have seen
The way he looked at me

Whoa, oh, yeah
Whoa, oh, yeah
Whoa, oh, yeah
Whoa, oh, yeah
Whoa, oh
