The image on the board  
Selling things we can't afford  
But we're still buying up in a frenzy  
Cause our hearts just yearn for more  
Is this sin, all he want?  
Is offerings we got?  
But soon you'll be overrating eyes  
Oh people they can't be good  
When what comes next on the market should  
But we go on because its understood

But you can only hope, when they say that they want  
you  
Yeah, they'll say that they want you, when they don't

It's like a chandelier  
It's like a fountain head  
The strings are all there  
A chain link fence to convince you  
That you're never aware  
For things that which you spare  
Are at cause they don't care about you

Don't care of what you've done  
You're fooled by everyone  
But soon you'll go get your daddy's gun  
And go out to recollect  
From all the guards that you put in debt  
It's time you learn that you cannot change (can't hide  
shame/change)  
But you forget

But you will always think when they say that they want  
you,  
When they say that they want you, that they don't

You wait but somedays never come  
Your prophesying here is done  
You're only left with what you beg

In toward you can, begone your way  
The others wait till they're okay

They're only left with what they beg, beg, beg

So children kill your teachers  
Kill your parents, then kill your preachers  
Because you know, that they'll only will doubt you  
When they start to lose their features  
Its okay that there gone  
Torturing you is all they want  
And lesson learned, now lesson taught  
You just know what they forgot  
Cause they didn't get to find out what you sought
