This is the story of a girl in town  
Her dream is bigger than her tiny frame  
Tries to carve out some kind of career  
Business deals and power games

Someday she would even wear a tie  
Hiding most of her emotional side  
In the name of business many men would try their hand  
They soon found out where they stand

On her way home she's feeling cynical, tired  
The city lights can really, really change your mind

Don't walk away from love  
Oh my baby, honey, why  
Don't walk away from love  
Oh no, you're just finding out another side of the same  
coin  
Drive on, drive on

Many girls surrender, I guess  
This one's like no one else  
The story goes from strength to strength  
Female charm, the sweetest blade  
One day this guy with a bad bushy tail  
Came rushing out of the rush hour haze  
He took her to the cleaners and he suffered for his  
crime  
She took that guy to court and she won with her hands  
down

On her way home she's feeling cynical, tired  
The city lights can really, really blow your mind  
Don't walk away from love  
Oh my baby, honey, why  
Don't want away from love, oh no  
You're just finding out another side of the same coin  
Drive on, drive on

Take it all in the day  
Oh oh oh-ho, a-ha

Don't walk away from love  
Don't walk away from love  
Don't walk away from love  
C'mon, c'mon, c'mon, c'mon, c'mon  
Don't walk away from love  
Tananananananarana  
Don't walk away from love  
C'mon, c'mon, c'mon, c'mon
