I don't wanna talk, I'm already gone
And I can't even listen
Called all my friends, yeah, they're on their way
And I don't need permission, no way

I'm the teacher and you're the student
Pay attention and I'll show you how we do it

Shout, yeah, get off your ass and dance
Forget about romance
And you can come here for the party

Come along, play my favorite song
The one that turns me on
And you can come here for the party, shout

Why don't you take a seat?
Don't even try to leave
Baby, you don't have to fight it

You can't pretend, you're one of them
'Cause we all know you like it
We know you like it

I'm the teacher and you're the student
Pay attention and I'll show you how we do it

Shout, yeah, get off your ass and dance
Forget about romance
So you can come here for the party

Come along, play my favorite song
The one that turns me on
And you can come here for the party, shout

I'm getting off tonight
I'm getting wrecked and starting fights
My mind's on overdrive
I don't wanna stop this ride

Shout, yeah, get off your ass and dance
Forget about romance

And you can come here for the party

Come along, play my favorite song
The one that turns me on
And you can come here for the party, shout

Yeah, here for the party
Shout, here for the party, here for the party
