Back row
Honor roll
Ahead of the class
Wet bleachers
Student teacher
Better start kissing some ass
Bad weather
Let's get together
I never wait in line
Night lesson
Study session
You know you work so fine

So what's your name,
New kid in school?

Tell me something,
Do you feel lonely?
Come sit next to me
Tell me honey,
Do you feel lonely?
Come get closer to me

It ain't that bad
You know it really ain't that bad
You can't avoid it
Might as well enjoy it
'Cuz I do
While you're the new kid in school
You're the new kid in school

Best dressed
Be my guest
I'll take you to the top
School nurse
You're not the first
And I won't tell you to stop
Burn leather
Let's come together
No time to educate
Hot shot
The parking lot

Before you graduate

So what's your name,
New kid in school?

Tell me something,
Do you feel lonely?
Come sit next to me
Tell me honey,
Do you feel lonely?
Come get closer to me

It ain't that bad
You know it really ain't that bad
You can't avoid it
Might as well enjoy it
'Cuz I do
While you're the new kid in school

So what's you name,
New kid in school?

Tell me something,
Do you feel lonely?
Come sit next to me
Tell me honey,
Do you feel lonely?
Come get closer to me

It ain't that bad
You know it really ain't that bad
You can't avoid it
Might as well enjoy it
'Cuz I do
While you're the new kid in school
