I can't walk and I can't talk
And now the beer is outta stock
Just ran out gonna get some more
Gotta go back to the liquor store

I got double vision so I better stay in
The coast is clear so let's start huffin
We're sniffin everything under the sink
And all I really wanted was another drink

[Chorus]
Nuthin to do (nuthin to do)
Nuthin to do tonite
Nuthin to do (nuthin to do)
Nuthin to do tonite
The drinks are too few tonite
So I guess I'll just have to do you tonite

Oh no I think it's after two
Guess we'll just drink thera flu
It says drink one so we chug four
Hey what happened to the floor
I got double vision so I better stay in
The coast is clear so let's start huffin
We're sniffin everything under the sink
And all I really wanted was another drink

(Chorus)

I'm not gonna leave the couch
I just wanna sit and slouch
Killin time watchin cable TV
You know I just wanna get busy

Nuthin to do (nuthin to do)
Nuthin to do tonite.....
