Well, it's only Thursday and it's no one's birthday  
But we're goin' out for the night  
Make a few stops, avoid the traffic cops  
Pick up some whiskey and some dynamite

But there's always someone  
Who's gotta spoil it for the rest of the gang  
You're such a little Bogart  
And I'm sorry but you just can't hang

Why don't you pass it around?  
Don't bring the party down  
If you don't pass it around  
We'll run you right outta this town

Well, it's already Friday, gonna do it my way  
Everything's ready to go  
But later on all the beer is gone  
Downed by some guys I don't even know

But there's always someone  
Who's gotta spoil it for the rest of the gang  
You're such a little Bogart  
And I'm sorry but you just can't hang

Why don't you pass it around?  
Don't bring the party down  
If you don't pass it around  
We'll run you right outta this town

Why don't you pass it around?  
Don't bring the party down  
If you don't pass it around  
We'll run you right outta this town

Pass that glass, pass it around  
Pass that glass, pass it around  
Pass that glass, pass it around  
Pass it around, don't bring the party down

Saturday night, don't really wanna fight  
You get none if you didn't pay

Tell your little brother to go buy another  
And give me back my Tankeray

But there's always someone  
Who's gotta spoil for the rest of the gang  
You're such a little Bogart  
And I'm sorry but you just can't hang

Why don't you pass it around?  
Don't bring the party down  
If you don't pass it around  
We'll run you right outta this town  
Are you pickin' up what I'm putting down?

Why don't you pass it around?  
Don't bring the party down  
If you don't pass it around  
We'll run you right outta this town
