Backyard, rooftop, let's get dirty
Feeling [Incomprehensible] by 10:30
Superstitious, so delicious
I'm your smoke stack mystery

Oh, oh

Midnight playoff iced and naked
Low down, go 'round, no one sacred
Greet temptation, condonation
Fresh milk butter gonna break it in

Oh, I've got something bad for you
(Got it bad for you)
Oh, yeah

You can't stop it
Yeah, we're going on, you just let it roll
I'm gonna smoke you out

You can't stop it
Now we're going on, you just let it go
Child, I'm gonna smoke you out

Shotgun, run so I'm taking you over
Poison air'll make you dance a little slower
Hocus pocus, losing your focus
To get high, you gotta go lower, ooh

Oh, I've got something bad for you
(Got it bad for you)
Oh, three, four

You can't stop it
Yeah, we're going on, you just let it roll
I'm gonna smoke you out

You can't stop it
Now we're going on, you just let it go
I'm gonna smoke you out

Suicide under the cover of a crystal coated ride

[Incomprehensible] lover
So take it easy and you could be mine, hey, yeah

Oh, I've got something bad for you
(Got it bad for you)
Oh, break it down for me now

You can't stop it
Yeah, we're going on, you just let it go, sing it
You can't stop it
Now we're going on, so you better let it go

You can't stop it
Yeah, we're going on, you just let it roll
I'm gonna smoke you out

You can't stop it
Now we're going on, and better let it go
You know I'm gonna smoke you out
