I can't sleep, can't even breathe
You're a devious distraction
When you put your hands on me
You start a chemical reaction

Can't think straight, can't count to two
All the risks that we've been taking
I don't know what it is about you
But you always leave me shaking
Yes, I'm a train wreck in the making

So strung out, but it's not so bad
You're the fix I never had

The first time I saw your face
I got wasted on your love
I'm a total wreck, I'm a basket case
I'm a user, you're my drug

I can't seem to stop myself
When it comes to indiscretion
I left my conscience somewhere else
Another public make out session
It's a late night confession

Can't wake up and I can't come down
I want it bad, I want it now

The first time I saw your face
I got wasted on your love
I'm a total wreck, I'm a basket case
I'm a user, you're my drug
I'm wasted on your love

I'm already gone
I'm barely hanging on
I'm passed out on your lawn
All the damage that you've done
You're returning me into a fiend

The first time I saw your face
The first time I saw your face

The first time I saw your face
I got wasted on your love
I'm a total wreck, I'm a basket case
I'm a user, you're my drug

The first time I saw your face
I'm wasted on your love
The first time I saw your face
I'm wasted on your love

I'm a total wreck, I'm a basket case
I'm wasted, wasted on your love
The first time I saw your face
I'm wasted, wasted on your love
Wasted on your love
