You look familiar, do I know you?
Oh yeah, you're that popular guy
You always made fun of my crew
And now you wanna get me high?
Yeah

You wanna get me
You wanna get me high
You wanna get me

Now you know my name, you wanna get me high
You're tryin' to get with me and I don't know why
Call me on the phone, you wanna get me high
Don't remember your name, don't really wanna try

You always said, I was doin' it wrong
But it looks like you forgot
'Cause now you sing along to every song
I'm hot and you're not

You wanna get me
You wanna get me high
You wanna get me

Now you know my name, you wanna get me high
You're tryin' to get with me and I don't know why
Call me on the phone, you wanna get me high
Don't remember your name, don't really wanna try

You wanna get me
It's too late, so don't even try
You wanna get me

You had your chance but you let it slide
And now you act like you're on my side

Dude, you gotta say it, don't spray it
You never talked to me before
No, I don't wanna cafe' Au Lait it
I'll make Narci, show you the door

You wanna get me

You wanna get me high
You wanna get me

Now you know my name, you wanna get me high
You're tryin' to get with me and I don't know why
Call me on the phone, you wanna get me high
Don't remember your name, don't really wanna try

You wanna get me
You wanna get me high
You wanna get me
You wanna get me high

Now you know my name, you wanna get me high
You're tryin' to get with me and I don't know why
Call me on the phone, you wanna get me high
Don't remember your name, don't really wanna try
