Chorus

I need a bad girl
To know what she likes
Let's get it popping all night
Baby I can change your life
If you're the one I need
A bad girl you know the model flat
She's the hottest thing inside
Baby I can change your life
If you're the one I need

A bad girl so if you see her point her out
But only is she can work it out
A lady that's there for me
And knows what I'm about
Never trip when I'm in the studio
Is she there for all of my shows
Stay high from head to toe
Lights flash let me see you pose
In the spot light
Anyone I know
I'm gonna take her home
I tell her she got to look right
Clap clap
When she hit the floor
She can be a classy girl
That knows how to walk
How to talk
A naughty girl
As long as you work what I want

Chorus

A bad girl and I can see it
I can .. what she don't need it
Because she got her own doab
Independent she don't need a man
Just gave me your hand
Baby let's go
We can go to place you've never been

You'll never mess with , again
Cause I'm a baller yes we are
If you are ready to get it popping girl
Let's begin

In the spot light
Anyone I know
I'm gonna take her home
I tell her she got to look right
Clap clap
When she hit the floor
She can be a classy girl
That knows how to walk
How to talk
A naughty girl
As long as you work what I want

Chorus
