Beware
She'll try
Stair down at the center of the eye

I swear
We'll fight
Compose the outer reaches of just why

This conversation old
And it's reoccurring
We want, we want, what we wanted

But I can't forget
The things she said
We're all chapters in a book, but who's read

No I'm not fine
With words she'll say
There's just enough to break

I dare
Defy
The moral of her story and just why

This conversations old
And it's reoccurring
We want, we want, what we wanted

But I can't forget
The things she said
We're all chapters in a book, but who's read

No I'm not fine
With words she'll say
There's just enough break the surface

Ut oh, ut oh
Hold on, hold on
Release me

I can't forget

The things she said
They were chapters in a book that I read

She's not fine
With words I say
It's never enough to break this

Ut oh, ut oh
Hold on, hold on
Release me
