I can see blue in your eyes..yeah you're just what I want..
Yeah you're just what I need..and there when I turn out the lights..
And I get to wake by your side..yeah and you hold my hand..
And you let me be who I am.. and yet steer me on back through the slide..

And I can see.. this is lucky for me..cause into my arms..
Yeah you lay down your head.. and fall beneath stars..

And if I can see through what I feel..yeah you're just what I want..
Yeah you're just what I need.. and there when I turn out the lights..
And if I can see through what I need..yeah you're just what I want..
Yeah you're just what I need.. and there when I turn out..
There's something so blue in your eyes..reflected in my kind of light..
And it's there when I look in your eyes..

If you saw yourself through my eyes..yeah you'd know there's no doubt..
How I feel, even if talking about, something clearly so senseless we'd fight..
Yeah and I get to stand by your side..and I'm wandering how..
This could be any better right now.. but then I catch the blue in your eyes..

And I can see.. this is lucky for me..cause into my arms..
Yeah you lay down your head.. and fall beneath stars..

And if I can see through what I feel..yeah you're just what I want..
Yeah you're just what I need.. and there when I turn out

the lights..
And if I can see through what I need..yeah you're just
what I want..
Yeah you're just what I need.. and there when I turn
out..
There's something so blue in your eyes..reflected in my
kind of light..
And it's there when I look in your eyes..
