There are no questions left to ask,
Through your eyes I can see, our future now lies in the
past.
It can't be measured in simple time
Each stolen moment shared, a theft divine.

And I
Drift through the shadows of a memory,
Silently echoing the words I'll never hear again.

While the
Angels of madness hold you in their arms
Seductive lies disguised as truth.
As you fade in their dark caress
Still I reach through empty nights for you.
Love is no sin
Your night will end.

Reflections they won't let you see,
They weave a tapestry
from broken threads of shattered dreams.
You hold a mirror to yourself
And shine the light of blame on someone else.
And I
Float through the echoes of the silence,
Lost in the shadow of the face I'll never see again.

While the
Angels of madness hold you in their arms,
Seductive lies disguised as truth. ***** (disguised not:
told as)
As you fade in their dark caress,
Still I reach through empty nights for you.
Love is no sin.
Your night will end. While the
Angels of madness hold you in their arms,
Seductive lies they told as truth.
As you fade in their dark caress,
Still I reach through empty nights for you.
Love is no sin.
Your night will end.
