When things get stale  
You get on a boat and sail to Rio  
The beaches and the sea  
That's where I long to be in Rio

But I'm workin' for the man every day up in the city  
Got to get away on a boat around the corner  
And it's waiting there for you and me in Rio

Dark eyed lady stare  
Drive Mercedes everywhere in Rio  
She said, "Do you wanna take a ride?"  
So I jumped right in beside her, in Rio

But I'm workin' for the man every day up in the city  
Got to get away on a boat around the corner  
And it's waiting there for you and me in Rio

It's waiting there for me in Rio  
It's waiting there for you in Rio  
Oh everybody come on get on now

When things get stale  
I jump on the boat and sail to Rio  
Beaches and the sea  
That's where I want to be in Rio

But I'm workin' for the man every day up in the city  
Got to get away on a boat around the corner  
And it's waiting there for you and me

It's waiting there for me in Rio  
It's waiting there for you in Rio  
Everybody better get on now in Rio
