Freedom don't come easy, babe  
When your spirit's flyin' up among the clouds  
And when you're faced with wise man's road  
You gotta know where to go

Sun and the stars are travellin' man's companion  
Leadin' the way for his journey  
East and west wherever you go  
Hmm

Leadin' the way  
(Ooo)  
The first to come  
Showin' the way for his children  
Now it's up to you  
(Ooo)  
Do you know you're pullin' through  
Man, it's not easy and you know it

Children in a happy place they're always smilin'  
Showin' all their love with no deception  
Treatin' each other like brothers and sisters do  
Yeah, yeah

Children in a real good place they're always tryin'  
Jumpin' and playin' in the middle of the afternoon  
Just havin' a ball, don't worry at all, yeah

Leadin' the way  
(Ooo)  
The first to come  
Showin' the way for his children  
For now it's up to you  
(Ooo)  
Do you know you're pullin' through  
Man, it's not easy and you know it

Children in a happy place they're always smilin'  
Showin' all their love with no deception  
Treatin' each other like brothers and sisters do, yeah  
Yeah, yeah

Children in a real good place they're always tryin'  
Jumpin' and playin' in the middle of the afternoon  
Just havin' a ball, don't worry at all, yeah
