I'm a man who lives in the city  
I'm a man who lives in the street  
From FLA to Frisco Bay  
Everywhere in between

Coast to coast there's a question  
Everybody's always asking me  
People want to know everywhere I go  
What can the answer be

I tell them music is the doctor  
Makes you feel like you want to  
You gotta listen to the doctor  
Just like you ought to  
Tell them music is the doctor of my soul  
I wanna know that

Well, it seems that when I travel  
And I'm out there on the road  
The freedom I need is the freedom I leave  
In my good time rock and roll

There's a healing in those guitars  
And a spirit in the song  
No matter what condition your rhythm is in  
The message goes on and on

I tell them music is the doctor  
Makes you feel like you want to  
You gotta listen to the doctor  
Just like you ought to  
I tell you music is the doctor of my soul

If you ever wonder  
How to shake your blues  
Follow this prescription  
Get the cure for what's ailing you

Music is the doctor  
Makes you feel like you want to  
Listen to the doctor  
Just like you ought to

Music is the doctor of my soul

Music is the doctor  
And makes you feel like you want to  
You gotta listen to the doctor  
Just like you ought to  
Tell them music is the doctor of my soul, oh yeah baby
