Keeps on getting better
How life keeps on movin' on
Children growing older
Seems I just looked over
I found that time was here and gone
Oh, yeah
Seems like time is here and gone

Whatever the time is
(Here and gone)
Here and gone
(Well, time)
Whatever the time is here and gone

I know they're getting closer
The answers that have haunted me
Lookin' for some help
My best friend was myself
I never thought I'd live this long
Oh, yeah
Seems like time is here and gone

Whatever the time is
(Here and gone)
Here and gone
(Well, time)
Whatever the time is here and gone

What used to worry me
Well, it don't worry me
Who knows the reason or the rhyme
The years that I got left
You know I'll make the most of mine
Yeah, yeah, yeah, yeah

Here and gone, here and gone
Seems like time is here and gone

Whatever the time is
(Here and gone)
Here and gone
(Well, time)

Whatever the time is here and gone

Here and gone

(Whatever the time is)

Here and gone

(Here and gone)

Well, time

Whatever the time is here and gone

(Oh, got away)

Whatever the time is here and gone

(It's gonna away)

(And all that)

Whatever the time is here and gone

Whatever the time is here and, here and gone

Whatever the time is here and gone

Whatever the time is here and gone
