They wait and watch the border
As the night falls
Full moon throwin' shadows
They might see

For the moment
There ain't no breakin' through
Sometimes waiting
Is all a man can do

Don't know what's in front of me
I know how the heart rules
Can't say what the odds will be
I might win, I might lose
Tonight I'm comin' through, ooh, the border

Through the night sounds ringin'
One lonely heartbeat
She must be wonderin'
What to do

Well, I can't call out
Can't get no message through
And I can't wait here
To see one more night through, oh baby

Don't know what's in front of me
I know how the heart rules
Can't say what the odds will be
I might win, I might lose
Tonight I'm comin' through, ooh, the border
Ooh, I'm comin' through

Don't know what's in front of me
I know how the heart rules
Can't say what the odds will be
I might win, I might lose
Tonight I'm comin' through

I know how the heart rules
Can't say what the odds will be
I might win, I might lose

Tonight I'm comin' through, ooh, through the border

Ooh, I'm comin' through

Ooh

Comin' through to you, ooh

[Incomprehensible]

Ooh
