People rushin' everywhere  
If they'd only slow down once they might find  
something there  
Green trees and timber lands, people workin' with their  
hands  
For sure a different way to live  
Gonna keep my cabin at hand, retreat and live off the  
land  
All around Ukiah, whoa

The mountain streams that rush on by  
Show the fish are jumpin' and reflect the open sky  
Fresh clean smell of the pines, symbol of unchanging  
times  
All around this sacred land  
Strangely, though, I've found my way, right here I'm  
gonna stay  
In this land Ukiah, whoa

Fresh clean smell of the pines, symbol of unchanging  
times  
All around this sacred land  
Strangely, though I've found my way, right here I'm  
gonna stay  
In this land Ukiah, whoa

Ooh, Ukiah  
Ooh, Ukiah  
Ooh, Ukiah  
Ooh, Ukiah  
Ooh, Ukiah
