Caught up in wheels of fortune while you've been  
asleep

Come on, give it up, you got what's comin' to you  
No use for you to struggle, now you're in too deep  
It's gonna be a long, long time before it's through

Changin' wheels of fortune  
Drivin' us on and on  
Winnin', sometimes losin'  
As soon as it's here it's gone

I'm so tired of losin'  
But I still play the game  
And I know there's no reason  
Still I go on searchin' just the same

Well, I've kicked around your city seen your vanity  
Mister Society, can you hear me  
You get your satisfaction and you cover all the action  
But your loaded dice won't help you in the end  
And you can help in the end

Changin' wheels of fortune  
Drivin' us on and on  
Winnin', sometimes losin'  
As soon as it's here it's gone

I'm so tired of losin'  
But I still play the game  
And I know there's no reason  
Still I go on searchin' just the same

Changin' wheels of fortune  
Drivin' us on and on  
Winnin', sometimes losin'  
As soon as it's here it's gone

I can hear him comin'  
Changin' wheels of fortune  
Drivin' us on and on  
Winnin', sometimes losin'  
As soon as it's here it's gone
