It's worthless.
You know all this time is worthless.
Got me stuck in line waiting for it.
Got my hand stuck out cause I want it.
Stop wastin' my time, I got some place to go.

It's bullshit.
It's bullshit, but I'll repeat it.
Ain't got enough sense just to leave it.
Got my tongue tied up, I can feel it.
Stop wastin' my time.
Stop lockin' me out.
Been locked outside.
Stop wastin' my time, I got some place to go.

It's foolish to act like it's still working.
I can see the things that are broken,
And it's way too much just to forget.
But I got a mind to ignore it,
And I don't know why.
Baby, I must be losing my mind.
Yeah, it's broken...
But baby, it's mine.

Stop wastin' my time.
Stop lockin' me out.
Been locked outside.
Stop wastin' my time, I got some place to go.
