My head is tangled up in knots,  
Another heart you left to rot.  
Oh but could you tell me, oh but could you tell me,  
Tell me you don't want me anymore

You left your letter by the phone  
That read you're never coming home  
Oh because you leave me' oh because you leave me)  
Leave me lying drifting on a cold

Those things you won't concede,  
They keep me on my knees.  
And now I start to buckle at the seams.

Could you tell me a lie, lie  
Cause I don't want to hear those words tonight, tonight.  
Cause I can't take the truth.  
Baby give it a try, I've seen it a thousand times  
I know those lips can lie,  
Could you tell me a lie, lie  
Cause I can't take, I can't take the truth  
From you, from you

I watched our castle turned to dust,  
Just one more girl that I can't trust  
Tell me are you happy, tell me are you happy  
Happy that (?)

Those things you won't confess,  
No need to second guess  
You broke my back and now there's nothing left.

Could you tell me a lie, lie  
Cause I don't want to hear those words tonight, tonight.  
Cause I can't take the truth.  
Baby give it a try, I've seen it a thousand times  
I know those lips can lie,  
Could you tell me a lie, lie  
Cause I can't take, I can't take the truth

Could you tell me a lie, lie

Cause I can't take it, I  
Could you tell me a lie, lie  
Cause I can't take the truth.  
Baby give it a try, I've seen it a thousand times  
I know those lips can lie,  
Could you tell me a lie, lie  
Cause I can't take, I can't take the truth  
From you
