Made up your mind.
The room is closing in, you need to find
A place where you can run
Before you're locked down.
This stuff's becoming too predictable.

Give me what you got, I'll take it cause I,
Really think I'm in the wrong direction.
You're giving up on finding love,
It took too long.
You were... wrong.

We're growing up.
You're scared that maybe this won't be enough
To satisfy the edge, but will you make it?
You know this life will get the best of you.

Give me what you got, I'll take it cause I,
Really think I'm in the wrong direction.
You're giving up on finding love,
It took too long.
And she said,
Give me what you got, I'll take it cause I'm
Desperately in need of your affection.
You're heading back to what you looked for all along

If you could find a way
To make your big mistake,
Will it be worth it?

Well you were searching for something,
I hope that you found what you're looking for...

Give me what you got, I'll take it cause I,
Really think I'm in the wrong direction.
You're giving up on finding love,
It took too long.
And she said,
Give me what you got, I'll take it cause I'm
Desperately in need of your affection.
You're heading back to what you looked for all along.

You were wrong.

Give me what you got, I'll take it cause I,
Really think I'm in the wrong direction (You were
wrong).

You're giving up on finding love,
It took too long (You were wrong).

Yeah, you're heading back to what you looked for all
along.

You were... wrong.
