Baby, you know sometimes
You make me want to scream, woo, uh
Suga, suga, suga, yeah, yeah

All was not lost today
Your brown eyes converted me
And let me know
That you're the right girl for me
You don't need to, you don't, need too
Of the same love I offer you

It would be ashamed
To let someone else take my place
Now, you got me dreaming
I can tell without you being there

So stop this mistreating me
I wanna stay with you
I wanna lay with you
I wanna, be your man, be my girl

Be my girl, be my girl
Be my girl, be my girl
Be my girl, be my girl

I need you in a desperate way
All the girls I've met where so full of play
It's not even a bother if I forgot their names
Oh yeah, in the minute I first saw you

And every, every, every, every
Teenage fantasy came true
But you look the other way
And my walking for the day
Broke my spirit, broke my spirit now

You got me dreaming, got me dreaming
And I can tell without you being there
So stop this mistreating me, oh
I wanna stay with you, I wanna lay with you
I wanna be your man

Be my girl, my girl, be my girl
Baby, be my girl
Want ya be my girl, hey hey
I want you to be my girl

My girl, want ya be my girl
I want you to be my girl
Want ya please
