"I Was The Life Of The Party"

Dut dut dut dut dut dut dut dooo um x2

I'm the life of the party x2
Tonight is the night when I'll see her again
She'll be with another man
Will I be strong
Will I hold on
When I see them holding hands
Its just the party I keep tellin myself
And so if shes wit someone else

I'll put on my best smile
And clown for a while
And no one would know this the sadness in my heart
I was the life of the party
(tryna have some fun)
I laughed loud and hardy
(I'm the only one)
I told all my best jokes
Everybody was amazed
I was laughin instead of crying
But inside I was dying
And its no need lyin

Hey the life of the party
I laughed till I almost cried
Laughed so hard I almost cried
I hope nobody can see
The joke was really on me
Just played it gradually with pride
Tryin hard not to let it get me down

I was the life of the party
(tryna have some fun)
I laughed loud and hardy
(I'm the only one)
I told all my best jokes
Everybody was amazed
I was laughin instead of crying
But inside I was dying

Ohhhaaa the life of the party

I laughed til I almost cried oh baby
Ohh The life of the partyI laughed til I almost cried
Ohhh (the life of the party)baby yeI laughed (til I almost cried)
I was the life of the party
(tryna have some fun)
I laughed loud and hardy
(I'm the only one)
I told all my best jokes
Everybody was amazed
I was laughin instead of crying
But inside I was dying
And its no need in lyin

Said the life of the party I laughed til I almost cried
I was watchin and dancin
But I kept right on prancen
Everbody was amazed I was laughin instead of cryin
I feel like dyin feel like cryin
Everybody was amazed I was laughin instead of cryin
Now the jokes on me
But I could not see
Everybody was (gibberish)
I feel like dyin I feel like cryin
I said the life of the party
